

AMERICAN BOARD OF HEALTH PHYSICS

**POLICY FOR USE OF PROGRAMMABLE CALCULATORS AT THE
EXAMINATION AND
CERTIFICATION STATEMENT OF COMPLIANCE WITH THE POLICY**

Policy for Use of Calculators during the Examination

Programmable calculators may be used during the written examination provided that they do not contain preprogrammed Health Physics related functions or Health Physics data. All data registers and all programs shall be erased immediately before the beginning of the examination. Computers are not permitted. Devices capable of wireless communication (e.g., smart phones) are prohibited.

Certification Statement of Compliance with the Policy

I certify that the calculators listed below are the calculators that I will use during the examination and that these calculators meet the requirements listed above.

Calculator 1
