Merging Traffic...

Brett Burk, AAHP Secretariat

The American Academy of Health Physics is embarking on the "information superhighway"! If you would like to join the trip, we can be contacted via e-mail at the following internet address:

ahpburkmgmt@aol.com

We check the e-mail at least once each working day and would love to hear any suggestions for coming up to speed with this new resource. Ideas for efficient dissemination of information and rapid responses would be appreciated.

When sending an e-mail message, please make sure that an internet return address is evident, so that we can respond. We may be starting out in the lane all the way to the right, but we should be in the fast lane in no time at all!
